Thank you for your fantastic response in helping the Community Pantry and providing goodies from your garden for the every day baskets.

The need is ongoing, so if you can continue to help that would be greatly appreciated.

WHAT'S NEW AT CORINELLA AND DISTRICT COMMUNITY CENTRE

TECHNOLOGY HOW-TO CIRCLE

Need help with your technology?

We are here to answer your questions regarding all your devices. Drop in with your tech that is giving you trouble and Brian will help you.

Starts May 11 from 10.00am only \$4 fortnightly

We're hosting an event for #VicLawWeek2023 and Neighbourhood House Week

Victorian Law Week is a program of more than 150 events to help you find legal answers to everyday problems, get legal help and learn more about the law.

Events take place in-person and online across Victoria, with experts available to help you identify where the law can help in everyday life. Victorian Law Week is also an opportunity to explore the Victorian Legal system and discover more about how the law works.

- Are you unsure whether your Will reflects your current intentions?
- Does your Power of Attorney allow the right person to make medical treatment, personal or financial decisions for you?
- Is an older person you care about being mistreated or taken advantage of?

Join us at the Corinella & District Community Centre for an information session with Gippsland Community Legal Service.

Monday May 15 11.00am till midday with refreshments afterwards. Telephone 5678 0777 to make a booking

Identify where the law can help
Understand your rights
Find legal help
Learn more about the law

First Aid Skills update.

At this stage we only have 4 people who have responded so the group course is not viable.

If you would like to improve your skills, please make contact.

Members are reminded the new cat containment comes into effect on 1st July.

Living Library

What a delightful afternoon looking at the superb photographs taken by internationally renowned photographer, Greg Noakes.

From the Queen to Split Enz, we were mesmerised.

Mary Clarke then took us on a virtual tour of the Coronet Bay Garden. She talked about the amazing work being done by volunteers and how with joy and hard work they have made the area into a place of welcome and peace. Mary extended an invitation to all, to visit and say hello to Alice.

The next Living Library will be May 21st at 1.45pm for 2pm..

For a small donation of \$4 you have the speaker/s, a cup of tea and yummy goodies to enjoy. Come along and be pleasantly surprised.

Speaking next at our June meeting...

Jason Noonan, is known for his inspiring and creative work with mangroves. Jason has been replanting and educating people about the importance of mangroves.

Mangroves are said to be the most under-rated and overlooked climate solution ever.

Mangroves are very important in erosion control. They act as a filtering system. They are a nursery for fish and crabs. Mangrove ecosystems are powerful carbon sinks, sucking up carbon dioxide from the air to store in their roots and branches.

Impressively, they can absorb up to 4 times more carbon than a rainforest the same size.

How can you help?

1. Come listen to Jason and be inspired by his love of mangroves
 2. Learn about mangroves and share your knowledge with friends and family
 3. Participate in or help organise a planting day or awareness program
 4. Dispose of rubbish, oils and chemicals in the correct manner
-

Upcoming dates

May

Saturday 20th, Games Extravaganza

Sunday 21st, Living Library

June

Saturday 3rd, Jason Noonan & Mangroves
